

Certificate Aim

This certificate has been designed to allow the candidate to demonstrate the skills and knowledge required to successfully monitor the signing, lighting and guarding of a work site. The candidate will be able to monitor a work site survey to ensure that suitable provision is in place for the site location.

Assessment criteria:

- 1.1 ensure that the planned provision of footways, traffic lanes and safety zones from a site survey and risk assessment meet the requirements of
 - (a) the site location
 - (b) vehicular traffic and site traffic, including plant and machinery
 - (c) pedestrians and site personnel, including people with special needs
 - (d) road/highway authority recognised codes of practice and specifications.
- 1.2 ensure that the planned provision of footways, traffic lanes and safety zones minimises

- (c) advance signing
 - (d) type of traffic
 - (e) volume of traffic
 - (f) working near tramways and railway crossings
- 2.6 state the problems that can occur with planned provision arising from a work site survey, the appropriate remedial action to resolve them
- 2.7 define the appropriate site conditions for the use of stop/go, priority signing and give and take systems of working
- 2.8 state the conditions or limitations for using the Stop Works sign
- 2.9 define the appropriate circumstances for using mobile and short duration works.

Learning Outcome 3 Monitor the protection of pedestrians, vehicular traffic and site personnel

Assessment criteria:

- 3.1 ensure that personal protective equipment is selected to meet the job requirements
- 3.2 assess the provision of footways, traffic lanes and safety zones for:

Learning Outcome 8 Understand how to monitor site safety
